

THE TEXAS POLICY VOICE FOR HEALTHCARE AND BIOSCIENCE

Heart Health Awareness Legislative Breakfast Briefing

February 10, 2023
Texas Capitol, Legislative Conference Center (E2.002)
9:00-10:30 am

Breakfast tacos and coffee will be provided.

Join THBI and the American Heart Association for a breakfast briefing recognizing February as Heart Health Month. Be a part of the fight to stop preventable heart disease and stroke, the number one and number three [causes of death in Texas](#).

Through strong public policy, we can prevent disease and provide treatment options to save lives and reduce costs to the state and to patients and their families. Learn more about Hypertrophic cardiomyopathy (HCM), which affects an estimated 30,500 Texans, and Atherosclerotic cardiovascular disease (ASCVD), the underlying cause of 85% of heart attack and stroke-related deaths.

Come learn about current innovations to treat and prevent heart disease and the public policy efforts that will improve the lives of Texans.

Thank you to our partners.
