

Protect your employees with specially discounted work-from-home packages by BodyBilt.

Working from home is a key element in combating the spread of COVID-19.

To help keep your work-from-home employees safe, healthy and productive during this challenging time, we're offering valuable ergonomic product packages with special reduced pricing – perfect for anyone working from home as well as individuals with persistent injuries or medical accommodations. All product prices include freight, and items can be shipped to your work location or directly to employees' homes.

To learn more about proper ergonomic work set-ups at home and good posture, click to read this [helpful article from the North Carolina Ergonomics Center](#).
